

**Project CommuniTree**  
*Free 3-gallon trees & shrubs*  
**Species List – Spring 2012**

This list is continuously updated as species are allocated and trees become unavailable. Some species may be very limited in quantity and may not be available by the time your application is submitted. If you are viewing this on your computer you can **CTL + Click** on the common name to view species characteristics for those that are available on the [Missouri Botanical Garden](#) or [Missouri Flora Website](#). *Please note: Species that are ~~erossed~~ out are no longer available.*

<b>Common Name</b>	<b>Scientific Name</b>
